

19 C. Tableau Dashboard: Employee Performance Analysis

Aim:

Aim:

To create a Tableau dashboard combining a bar chart for department-wise employee distribution and a scatter plot showing the relationship between years of service and performance score.

Procedure:

1. Open Tableau and load the Employee Performance dataset.
2. Create a **Bar Chart** using **Department** and **Employee ID**.
3. Create a **Scatter Plot** using **Years of Service** and **Performance Score**.
4. Create a new **Dashboard**.
5. Drag both charts into the dashboard.
6. Add suitable titles and labels.
7. Save the dashboard

Output:
