

21 D. Interactive Dashboard (R Equivalent of Tableau)

Aim:

To create a Tableau line chart showing the trend of page views over time.

Procedure:

1. Open Tableau and load the Website Traffic dataset.
2. Drag **Date** to the Columns shelf.
3. Drag **Page Views** to the Rows shelf.
4. Select the **Line Chart** option.
5. Add a suitable chart title.
6. Label the X-axis as **Date** and Y-axis as **Page Views**.
7. Save the visualization.

Output:
